WSA | Boat Information

Please complete the questions below...

Completed: 22%

Coaches

How many coaches are there in your club?

Of those, how many have British Rowing coaching qualifications that are IA?

How many have British Rowing coaching qualifications that are UKCC Level 2 (or Bronze) and above?

How many have a current British Rowing number?

Safety Equipment

How many throw bags (rescue lines) do you have available?

How many lifejackets/buoyancy aids do you have available?

Boats

Note: This relates to all club boats and private boats. Hosts and hosted clubs should be reporting their own boats separately in their own audits.

	I	II-/x	II+	IV-/x	IV+	VIII
What is the total number of boats, including privately owned?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
How many of those were built since April 2003?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
How many of those were built before April 2003?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
How many boats including privately owned, built since 2003, are plated to follow the guidance as appropriate in RowSafe?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
How many boats including privately owned, built prior to April 2003, are deemed to satisfy the requirements of the Row Safe guide and not require additional buoyancy?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
How many boats including privately owned are deemed to require additional buoyancy if used in a potential swamping situation?	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

How many launches do you have under the following headings?

Coaching

A boat with low-wash characteristics, capable of following a crew at its speed and carrying a coach and driver (these two roles may be combined unless local navigation rules prohibit

it). It may have the ability to rescue one or more people from the water.

Rescue

A boat with the capability to effect a rescue safely, appropriate to the circumstances

Safety

A stable boat with the ability to rescue several people simultaneously, including uncooperative casualties, crewed by personnel trained to effect the rescue

Have all the boats at the club (both club and private) been marked with the compliant Boat IDs in accordance with the [British Rowing Rule Section Q](#) and put on the Club register?"

Yes No

Please enter the compliant boat IDs for launches under the PLA's exemption agreement. If you do not own any boats then please enter "N/A".

Steering

	Juniors	Seniors	Total
How many scullers/coxless steersmen and steerswomen members (everyone from novice to elite) have steered boats in your club during the last year? <i>Note: where, say, a junior does both coxless steering and coxes as well, put down the predominant one to avoid double counting.</i>	<input type="text" value="0"/>	<input type="text" value="0"/>	<input type="text" value="0"/>
How many coxes have steered boats in your club during the last year?	<input type="text" value="0"/>	<input type="text" value="0"/>	<input type="text" value="0"/>
How many of your coxes and scullers/coxless steers have undertaken a formal, structured training programme of which records have been kept?	<input type="text"/>		
How many have been tested in an independent, (from the coach who trained them) verified, oral or written, club navigation and steering exam/test both on and off the water?	<input type="text"/>		
If you compete at any of the Thames Heads, how many of the total of these coxes and coxless steers have been trained to a standard suitable (i.e. knowledge of the Tideway Code) to allow for pre race practice before the main heads?	<input type="text"/>		
Other			
Does your club have immediate access to a defibrillator?	Yes <input type="radio"/>	No <input checked="" type="radio"/>

WSA | Row Safe 1 - Risk Management

Please complete the questions below...

Completed: 33%

1.1 Safety Notice Boards

	N / A	Yes	To Address
a) Have a designated Safety Notice Board in a prominent position?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Ensure that new members are shown the Safety Notice Board and information explained to them?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Have a list of vital telephone numbers as detailed in the "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.2 Risk Assessment

	N / A	Yes	To Address
a) Have a suitable risk assessment(s) that cover its activities both on and off the water, which adequately address emergency issues?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Have risk assessments to cover competitions and training camps if it organises these activities?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Review its risk assessments regularly?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.3 Club Safety Plans

	N / A	Yes	To Address
Have a Club Safety Plan which satisfies the points in the "Row Safe" guide and is it communicated to new and existing club members?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.4 Competition Safety Plans

	N / A	Yes	To Address
a) Ensure its Competition Safety Plan is published and circulated by the Competition Organisers?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Inform those affected by the Competition Safety Plan what actions are to be taken, by whom and when, and in what sequence, to maintain effective control and co-ordination?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Send Competition Safety Plans or relevant off-prints so both competitors and officials receive these at least three days prior to the competition?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Ensure that Competition Safety Plans are in place even for small private competitions?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

e) Ensure the Competition Safety Plan adequately addresses the topics raised in the "Row Safe" guide?

1.5 Insurance

	N / A	Yes	To Address
a) Have adequate Public Liability Insurance cover including "Member to Member" extension?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Ensure its insurance policy, covers all club activities, inc. learn 2 row courses, fun regattas, taster sessions, etc?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Ensure that the coaches they employ are covered by club or their own insurance?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.6 Training Camps

	N / A	Yes	To Address
a) Establish contact details for all participants in case of emergency?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) i) Check insurance is in place for club and relevant non-club equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) ii) Check insurance is in place for member-to-member cover	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) iii) Check insurance is in place for personal travel insurance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e) Ensure the Training Camp Organising Committee addresses the topics raised by the "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.7 Weather and Environment

	N / A	Yes	To Address
a) Ensure that the Safety Plan or safety rules address the topics covered in the "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Ensure these rules communicated to club members?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.8 Cold Water Immersion

	N / A	Yes	To Address
a) Manage the risks BEFORE the outing if cold water immersion and hypothermia are assessed as potential issues in accordance with the "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Communicate rules and risk controls to club members and coaches to ensure these are adequately managed in accordance with "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

1.9 Swimming and Capsize

	N / A	Yes	To Address
a) Ensure that ALL participants are instructed in the actions to be taken in the event of a capsized (for all boat types) to cover the topics in "Row safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) i) Ensure that ALL participants in rowing must be able to demonstrate when asked they are both competent and confident in and under the water by swimming at least 50 metres in light clothing (rowing kit)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) ii) Ensure that ALL participants in rowing must be able to demonstrate when asked they are both competent and confident in and under the water by treading water for at least two minutes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) iii) Ensure that ALL participants in rowing must be able to demonstrate when asked they are both competent and confident in and under the water by swimming under water for at least 5 metres	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Require participants, who are unable to demonstrate the minimum swimming standards, to wear a personal flotation device (PFD)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Ensure swimming ability and capsized training is recorded for each member of the club?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

WSA | Row Safe 2 - Equipment

Please complete the questions below...

Completed:

44%

2.1 Safety Aids

	N / A	Yes	To Address
a) Ensure that all lifejackets and buoyancy aids (PFDs) conform to the relevant national EN standards and carry the CE mark of approval?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Have written procedures in place for the use of safety aids and ensure that all members understand and follow them?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Require all coxswains to wear an approved lifejacket or buoyancy aid on top of all other garments when in a boat (noting front loader guidance)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Require all launch drivers and passengers to wear an approved lifejacket or buoyancy aid on top of all other garments when in a launch?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e) Require all participants who cannot meet the swimming competency standard set by British Rowing or the club to wear a lifejacket or buoyancy aid when in a boat?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f) Where, because of a medical problem, there is a risk to a participant of becoming unconscious or immobile, require an automatic lifejacket to be worn?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
g) Require lifejackets and buoyancy aids to be checked for wear and tear before each use and provide a proper designated place where they can dry out naturally away from a heat source?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
h) Ensure that all safety aids, particularly throw lines, are readily accessible and stored ready for use where they may be needed in an emergency.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
i) Require all those involved in rowing to be trained and have had practice in the use of a throw line?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
j) Ensure throw lines and space blankets are carried by coaches and those monitoring activities?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
k) Ensure lifejackets are frequently checked for damage, leaks and gas cylinder integrity and that the check is recorded in a maintenance log?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
l) Require junior beginners to wear a PFD until they have completed a swim test, received training in capsize procedure and reached a satisfactory level of competence in, for example, a single sculling boat?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

2.2 Steering and Navigation

	N / A	Yes	To Address
a) Train members to ensure they are competent to control boats and equipment in accordance with "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Ensure those steering are aware of any poor visibility navigation rules?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

2.3 Boats and Blades

	N / A	Yes	To Address
a) Ensure that all newly constructed boats have sufficient inherent buoyancy, together with their oars and sculls, that they can support a seated crew of the stated design weight such that the rower's torsos remain out of the water and the boat can be manoeuvred?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Confirm with the manufacturer or supplier that the boat being supplied complies with the British Rowing or FISA's requirements on buoyancy and insist on the boat being plated accordingly? Note: CE mark according to Recreational Craft Directive is required	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) If, after a risk assessment for a planned activity, it is judged that a boat, new or old, does not have sufficient inherent buoyancy, does the club require additional buoyancy to be added?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Require, where the construction shape of a boat or its composition is such that the bow presents a hazard in collision, a solid ball of not less than 4cm diameter made of rubber or material of similar resilience is firmly attached to the bow?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e) Require, where 'fitted shoes' are employed, they have effective heel restraints properly adjusted (the heel must be prevented from rising higher than the lowest fixed point of the shoe) and in working order. Likewise, the foot release from any other type of fitment that may be used is self-acting and not require the intervention of the athlete or a rescuer?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f) Require all buoyancy compartments to be watertight to ensure effective operation?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
g) Require rudder lines, steering mechanisms, rudder and fin, to be secure and in good working order, along with the 'buttons' on oars and sculls to be secure and properly set?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
h) Require the checks detailed in the "Row Safe" guide to be made before each outing?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

2.4 Launch Driving

	N / A	Yes	To Address
a) Require all launches to carry a plate stating the maximum weight it can safely support, together with this translated into the number of adults?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Require launch drivers to hold, as a minimum, the RYA Level 2 powerboat certificate (appropriate to water conditions; tidal v non-tidal) or equivalent training?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Require all launch drivers and passengers to carry an appropriate form of communication device to summon help where necessary (eg, mobile telephone or marine VHF)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Require launch drivers to know the emergency frequencies or numbers in case of an emergency (these can be laminated and stuck inside the launch)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e) If carrying a marine VHF radio, the operator must hold a Short Range Certificate (SRC) and follow correct radio procedure at all times	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f) Require launch drivers to understand and follow the rules of the water upon which they are operating and at all times, except in an emergency, adhere to the speed limits in place on that stretch of water?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
g) Have rules in place on boating in dark or low visibility situations?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
h) Require launches to carry the equipment as required by the "Row Safe" guide and require that launch drivers must check that the launch is carrying the appropriate emergency equipment before going afloat?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
i) If launches are used for safety cover, ensure they follow the guidance as appropriate in RowSafe?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
j) Follow the Row Safe guidance note on Aluminum 'Tin Fish', coaching catamarans and traditional long and narrow-beam 'low-wash' coaching launches?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

2.5 Transport and Trailer

	N / A	Yes	To Address
a) Provide information and diagrams showing the recommended arrangement for loading, including the allowable load projection?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Ensure that a copy of the trailer insurance and any club vehicle insurance is displayed in the club/boathouse and towing vehicle?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Have a method to check the nose weight of the trailer?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Provide projection markers and lights?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

- e) Ensure that adequate ties, (in good condition), are available?
- f) Ensure that information regarding the Maximum Allowed Mass (MAM) is fixed to the trailer? Note: Information regarding tyre pressure and unladen trailer weight is also recommended.
- g) Require that the driver checks the tyres (including spare), lights, projection markers and the security of the load, jockey wheel and brakes before each trip?
- h) Ensure that the vehicle used for towing is appropriate for the length, load and type of trailer and that the trailer carries a spare wheel and suitable tools and jack for changing a wheel?
- i) Require drivers to always carry a passenger to help with navigation, maneuvering, and any emergency, which may arise and to be aware of the dangers of high winds and icy road conditions and consult the weather forecast before setting off?
- j) Ensure that, if towing or using vehicles overseas, any local rules are adhered to (lights, spares, yellow vests, fire extinguishers, triangle, overhang, etc.)?
- k) Require drivers to take breaks for journeys of longer than 2 hrs duration or have a buddy driver accompany them on long journeys and ensure an effective communication system is set up with the club for the journey? (mobile phone - note hands free sets required)

WSA | Row Safe 3 - Participants

Please complete the questions below...

Completed: 55%

3.1 Beginners

	N / A	Yes	To Address
a) Record ALL the information from beginners as listed in the "Row Safe" guide before allowing any activity to start?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Cover the topics listed in "Row Safe" (where relevant) in your club induction?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Ensure the identified risk controls are in place as listed in "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3.2 Juniors

	N / A	Yes	To Address
a) Record ALL the information from Juniors as listed in the "Row Safe" guide before starting ANY activity?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Cover the topics listed in the "Row Safe" guide (where relevant) in your club induction?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Ensure the identified risk controls in place as listed in the "Row Safe" guide?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3.3 Adaptive

	N / A	Yes	To Address
a) Conduct a risk assessment and produce an action plan for each individual adaptive athlete?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Provide high visibility markings for all pathways (including stairs) throughout boat/clubhouse/venue?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Ensure boathouse and club are kept orderly and tidy as appropriate for adaptive use?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d) Provide a suitable rescue launch?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e) Establish and practise procedures for managing incidents, including capsizes?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3.4 Touring

	N / A	Yes	To Address
a) Ensure that Tour organisers survey the route and produce a plan identifying hazards and accessible landing points for rest stops, emergencies and overnight stowage, and carry out a risk assessment and produce a safety plan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

conduct risk assessments and produce a safety plan incorporating an Emergency Action Plan?

b) Ensure all tour members are provided with a copy of the tour's safety plan and Emergency Action Plan and carry their British Rowing membership cards as evidence of their competence and third-party cover to show to lock-keepers?

c) Before using a waterway with locks, tourers should consult the relevant administering body to determine the rules for passing through locks and follow lock keepers instructions at all times?

d) Ensure Tour organisers have appropriate insurance cover?

e) Ensure crew members declare any medical condition or disability which may affect them during the tour and where needed carry appropriate medication?

3.5 Coastal

N / A

Yes

To Address

Ensure the topics identified in the "Row Safe" guide are followed - covering Boat buoyancy, launch driving, water safety auditing, communications, hazards, launching/landing and PFD's?

3.6 Indoor Rowing

N / A

Yes

To Address

a) Advise all participants of the potential health risks associated with strenuous exercise, and for those at risk due to a current or previous illness or injury, ask them to arrange a health check with a medical practitioner, prior to any activity?

b) Ensure that the machines are safely located and regularly serviced and maintained in good working order as recommended by the manufacturer?

c) Provide appropriate induction sessions for beginners together with appropriate notices and instruction on safe use (clothing, storage, monitor set up, etc) and potential health issues?

d) Record all incidents relating to indoor rowing machines on the British Rowing incident reporting system?

e) Assess and manage the risks prior to, and during, the running of an activity or event?

f) Ensure high standards of equipment hygiene are maintained and users clean the handle and machine after use?

WSA | Row Safe 4 - Monitoring

Please complete the questions below...

Completed: 66%

4.1 Incident Reporting

	N / A	Yes	To Address
a) Require that all club members are made aware of what constitutes an incident and 'near incident' that needs reporting and that all are aware of how to report them online?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Regularly monitor the British Rowing online reporting system to gather information on club incidents and use the statistics to develop safer practices?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Keep the members informed of incidents and 'near incidents' at the club and ways in which action must be taken to avoid repetition?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

4.2 Safety Auditing

	N / A	Yes	To Address
a) Ensure that an accurate annual British Rowing Safety Audit is completed and delivered on time to the Regional Water Safety Adviser?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Review the findings of the Club's Rowing Safety Audit and implement its recommendations at committee level as appropriate?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Completed: 77%

5.1 Sunburn and Heat Stress

	N / A	Yes	To Address
Advise members about the risks of sunburn, heat stroke and heat exhaustion, and of local guidance relating to this issue?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5.2 First Aid

	N / A	Yes	To Address
a) Have an Emergency Action Plan (EAP) within the Club Safety Plan and communicate the EAP to all club members?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b) Keep a record of Club First Aiders and encourage them to maintain their certification?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c) Provide suitable quantities of first aid materials within box(es) clearly identified as "First Aid" and locate sufficient First Aid Boxes in easily accessible areas of the club and/or boathouse?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5.3 Waterborne Diseases

	N / A	Yes	To Address
Provide information on diseases most likely to be encountered by club members, either on their home water or when they visit other venues?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
